

About the Company

Classle Knowledge Private Limited was incorporated with an objective to create a social enterprise focusing on increasing education quality, accessibility and employability

The Company has created a social learning platform Classle.net a resource hub for learners to learn, search, create, share and discuss in any chosen disciplines. This is accomplished by a dedicated team of learners and experts, finally contemplating to create quality and employability among students, freshers and professionals at large

About the Transaction

The Company buoyed with the positive response and good results in the first year of its soft launch, wanted to capitalize on the same and expand its footprint.

The company was looking to raise a initial capital to fund its operating cost and expansion plans and **had approached Think Capital for raising initial capital. Think Capital assisted and advised the Company on the business plan and also raised 'Angel Investment' suitable for early to growth stage expansion.**
